VPK Attendance Statement of Understanding:

The purpose of the VPK Program is to properly prepare your child for kindergarten. Each day your child will be exposed to lessons that will help him/her meet or exceed the standards set by the state for kindergarten readiness. Therefore, it is critical that you, as a parent, do your part to have your child at the Center on time and that he/she attend class regularly.

Our collective goal is that your child attends daily, however, we understand circumstances such as illnesses do arise. The State also understands this, thus for the 2022-2023 school year, they will pay up to 20% of missed program hours each month, but not beyond that under any circumstances. Any changes for the 2022-2023 school year, as well as examples of excused absences, will be reflected in the 2022-2023 Parent Handbook. If your child misses over the allotted absences for the VPK Program, they may be in jeopardy of losing their placement in the VPK program.

Discipline Policy:

The motivation for discipline should always be love. The purpose of discipline should always be explanation and training. Positive discipline is used with the children to help them learn what behavior is acceptable. Positive reinforcement will encourage and reward good behavior. Teachers will use loving guidance and discipline techniques that are age-appropriate for each child. Distraction and redirection work well with younger children, while reasoning and logical consequences are very effective with older children.

- In the event the above disciplinary actions prove unsuccessful, the child will be removed from the classroom and placed under adult care to resolve the problem. If the unacceptable behavior continues, the parents will be called to pick up their child. Failure to correct the problem will result in the child's dismissal from the preschool.
- In the event the child does bodily harm to a teacher/child, i.e. biting, hitting, punching, kicking, or hitting with an object, the following consequences will apply:
 - ❖ First incident: The child's parent will be called and asked to pick up their child.
 - ❖ Second incident: The child's parents will be called again to pick up the child, and the child will not be allowed to return until a teacher/parent conference has been held to try to resolve the matter.
 - ❖ Third and last incident: The child will not be allowed to return to school.

***Corporal punishment is unacceptable and will never be used. Parents wishing to administer any kind of corporal punishment must do so at home – NEVER on campus or in a classroom.**

Please Note: Parents are not allowed to discipline, in any manner, any student who is not their child. If you have a problem with how a student is behaving, please briefly discuss this issue with the supervising staff member.

Rilya Wilson Act

Pursuant to s. 39.604, Florida Statutes, a child from birth to the age of school entry, who is under court-ordered protective supervision or in out-of-home care and is enrolled in an early education or child care program must attend the program 5 days a week unless the court grants an exemption. A child enrolled in an early education or child care program who meets the requirements of this act may not be withdrawn from the program without prior written approval of the Department or community-based care lead agency. If a child covered by this act is absent, the program shall report any unexcused absence or seven excused absences to the Department or the community-based care lead agency by the end of the business day following the unexcused absence or seventh consecutive excused absence.

Educational stability and transition are key components of this act to minimize disruptions, secure attachments and maintain stable relationships with supportive caregivers of children from birth to school age. Successful partnerships are imperative to ensure that these attachments are not disrupted due to placement in out-of-home care or subsequent changes in out-of-home placement. A child must be allowed to remain in the child care or early education setting that he/she attended before entry into out-of-home care, unless the program is not in the best interest of the child. If a child from birth to school-age leaves a child care or early education program, a transition plan needs to be developed that involves cooperation and sharing of information among all persons involved, respects the child's developmental stage and associated psychological needs, and allows for a gradual transition from one setting to another.

This law provides priority for child care services for specified children who are at risk of abuse, neglect, or abandonment. *These children are also known as Protective Services children.*

Rilya Wilson Act Requirements:

- ✓ Protective services children **MUST** be enrolled to participate 5 days per week.
- ✓ Protective services children **MAY NOT** be withdrawn without prior written approval from the Department of Children and Families (DCF) or Community Based Care (CBC).
- ✓ If a Protective Services child has 7 consecutive excused or any unexcused absence, the child care provider **MUST** notify the appropriate community based care staff.
- ✓ The Department and child care providers **MUST** follow local protocols set up by the CBC to ensure continuity.
- ✓ If it is not in the best interest of the child to remain at the child care or early education program, the caregiver **MUST** work with the Case Manager, Guardian Ad Litem, child care and educational staff, and educational surrogate, if one has been appointed, to determine the best setting for the child.
